Reclina-Way® RECLINING SOFAS

Handle-controlled mechanism with 3-position locking footrest for added leg support and comfort

Two recliners built right in

One look at our reclining sofas and sectionals, and you know any one is the perfect place to sprawl out and read a good book or have friends over for the big game. And while we can't deny they're good looking, there's more to them than meets the eye. They all feature genuine La-Z-Boy quality construction, exclusively engineered for comfort that lasts. Because after all, it's really what's inside that counts.

Room for one and all

With comfort to spare, a reclining sectional lets you custom-create the seating arrangement that perfectly fits your room. Choose the number of seats you want with reclining, chaise and sleep sofa options. Remember, the more the merrier!

La-Z-Time® RECLINING SOFAS

Easy-action latch release with adjustable footrest tension for customized support

Family-friendly options

Wish you had a table for that big bowl of popcorn? Or a place to play a rousing game of checkers? A reclining sofa or sectional with a built-in drop-down table is just what you need. They also come with some pretty amazing features like sleep sofas, storage consoles, built-in drawers and hidden storage spaces.

Turn any reclining sectional into instant home theater seating

Our reclining sectionals are pretty great to begin with. They give everyone a spot to kick back in comfort and enjoy the show. Now you can turn your sectional into instant home theater seating just by placing a wedge into it. Customize a configuration to fit your room, and you can choose from cool features including beverage holders, tables and storage. Basically everything you need except the popcorn machine.
