Limited Lifetime Frame Warranty

# The power to be in control.

La-Z-Boy comfort is at your command with the Luxury-Lift® Power Recliner. Exclusively engineered to provide the smoothest, most secure motion, the Luxury-Lift recliner puts the power to sit, stand and recline at your fingertips. An independently operating back lets you raise the leg rest with or without the back reclined. Designed to function beautifully, a fully enclosed back provides quiet operation and keeps mechanisms hidden from view.

Exclusively engineered for the safest, most dependable operation:

**Frame-in-Frame Design** keeps the chair stable and gently supports you with greater stability and superior support as you sit or stand. A fully enclosed back provides quiet operation and keeps mechanisms safely hidden from interference by outside objects.

**Battery Back-Up** feature automatically returns the chair to its original seated position in event of a power outage.

**Auto Reverse Feature** can sense if an object is obstructing the path of the leg rest as the chair is closing and safely returns the leg rest to an open position.

**Quality Built & Tested** with solid frame construction and a durable mechanism that safely lifts up to 500 lbs.

“Rialto” & “Liberty”
