Organized in “galleries” – including a Living Room Gallery, Family Room Gallery, Sleep Sofa Gallery, Leather Gallery, and, of course, a Recliner Gallery – the furniture at La-Z-Boy Furniture Galleries stores is displayed in vignettes complete with occasional and accent furnishings by La-Z-Boy subsidiaries, along with a dramatic selection of decorative accents, including lamps, area rugs, wall art and accessories, all available for sale.

### **Professional Design Assistance**

Every La-Z-Boy Furniture Galleries showroom is built around a La-Z-Boy Design Center, which is staffed by design consultants and was created to provide customers with inspiration, answers and helpful assistance. Included in the design area is the La-Z-Boy Screen Test® system, which allows customers to design their own furniture by rendering any La-Z-Boy product in their choice of hundreds of fabric and leather covers.

“Emphasizing design and style, the La-Z-Boy Furniture Galleries exemplify our direction for the future of La-Z-Boy,” said John J. Case, president of La-Z-Boy. “By providing our customers with design assistance and an enjoyable shopping experience, we are going beyond offering exceptional products by giving them complete solutions for their homes.”

Making the shopping experience even more family-friendly, these stores feature a wide circular pathway for easy navigation for families with children and strollers.
